AKIHITO YOSHITOMI

I'm so busy every day, no time
for adventures at all
Everytime I read about this guy,
in the profession of being an
explorer and all;
It just spooks me so...
then I'd let out a sigh and
mumble something to
the extend of-
"I wish I can be like him...
or can I?"

ACT-66 /Party—

May the
heavens
blaze
them...

Get
outta
here!

So we have
decided to free
you two.

to infiltrate
and steal
our prince.

not on
terms
favorable
to us!

...we have reason
to believe that
the prince will
be used as a
hostage to end
the war...

OUR CROWN
PRINCE HAS BEEN
KIDNAPPED BY
THE ENEMY
STATE...

Having a
dinner party
in the middle
of a war...

splendid.

Hey,
Mina.

How's
Bolt?

Nothing
on our
side.

Never thought
we'd go up
against him.

He isn't
doing
anything
interesting.

No matter
who he is...

You're letting
it get to
your head...

Baka... I told
you not to
say things
like that!

Who
knows?

Can they
really do
that?

we will
defeat him
as long as
we are
together.

Wa, kawaii
little boy..

There, that
the target,
Warred

.....

Go up
till to
her!

It's Tom.
Maden.

Why the
hell am I
doing some
thing like
this..?

What's
your name,
young man

It's HOT
in here.

Why don't we
go somewhere
else..?

Ha,
Sandy.

Oh..
don't call
me Maden

call me
Sandy.

Why don't you go home?

Hooded
and
blind...
go with
him!

So like... She's a complex like complex, but with brain bugs

she has a
shouts
complex!

Sandra is the
queen's sister,
and she was
divorced
just last year
because...

She'll treat
you just like
candy...

Take the info
out of her!

Its highly
likely that
she'll know
where the
Prince is
imprisoned

the rumors
that she's in
love with
Prince Karia.

But...
Im Not
a little
boy.

Start

if I don't meet
them...

... Women in
so bad with
strong ops...

What do
we do?

Good

hmm...
A fatass, some
short guys,
and a brider.

Let's go!

It can't safe
here!

UNUSUAL
-18-

...ah, smoking
away from the
party naughty
boy.
let me
punch
you!

Don't...
Don't go
there!

and

Sorry about this...
Wanna...

That's right...
Bolt invited us to the party.

Here my brother...
Dear Doga...

BROTHER
?

are people saying
about!

But... how
come...?

That was
a lie,
the truth is...
I Love Her.

huh?

The General
told you I
was infatuated,
didn't he?

if the past is
hint for the
throne, namely
me, married
Sandy...

he will lose
much of his power
and a reason for
war as well.

To further his
own imperialistic
ambitions... he
even uses dis-
information to
control public
opinions...

But... you
already have
a fiancee...

I came here
of my own
accord.

I'm going to
marry
Sandy

My old man is
already just a
puppet controlled
by him...

That was
just part of
a plot...

Don't say
that, Karty!

That crazy man
can still kill you...
he may even
burn the palace!

He's just a
war-torn
old man.

Mmm.
Karty, how
bright you
are!

...and 'things'
are already
'taken care'
of.

Worry not, my
dear, none of our
engagement will
soon spread thro
out our countries

Man...
your life would've
been in danger.

The problem
is that the
General is a
sly old fox,
and well,
if Warren
knows the
truth...

... well

Weren't the
general's
bodyguards with
you just a
while ago?

uh... I'm
getting dumb

my part was
to get those
soldiers away
from you.

you know,
Bolt had nothing
but prizes for
you... you were
an important
part of the plan

I was forced
to wear
this...

Sorry...
I don't have
any money,
not even
the clothes
are mine

May the
heavens
bless you
—

.....

Really?

How about
if I treat you
two to some
fireworks to
celebrate?

Spectacular

Shouting
clapping
music,
dancing,
etc.

You can
consider That
Beta's wedding
gift to you
two.

たっ!!

Well,
then
—

let's continue
the party
celebrations...
shall we?

and just like today,
a woman came and
asked for a church
to be built and then
she will conquer
the monsters.

Oh, I've heard
about that
too, but that's
just legend.

My grandfather
told me
once,
that this
village had a
gargoyle problem
a long time ago
too...

There's still a
crack left over
from that.

No, not on...
know that huge
pile of rock we
have in town?
That was used
a sword to put
the gargyle
there.

Now that you
mentioned it,
Sister Wanda was
carrying a big
sword.

I know, she's
probably the
descendant
of that man...
oh wait... she's a
nun...

Another Bok of Lightning may let you again if you keep talking to me

Hello

How did you two meet? Where do you know her from?

You and Shesha Wanda seem to know each other

L. no... she doesn't have any friend

How
disagreeable
to work till
this late!
What's a
bloke to do!

Hurry and be
mindful, lest
we meet being
attacked by
the gargoyls!

ah!

DarOodient
wretch, do I
have to keep
you on a
leash?

What were
you thinking
?

No... you
got it wrong,
that was...

Yeah, yeah

You remember
right here in this
village!

No...
it can't
be!

うんうん

Listen, don't think
you'll ever escape
me!

You are going to
be Mine Forever!
Mine to control
as I please!

But... that
was...

and just so you
know, that sword you
stabbed me with
has already rusted to
broken pieces.

Heheh
hehehe

their numbers
are as limited
as the members
of our race...

You know,
right? That
the world's
collective
apexic
gargoyles

Impossible
!!

That...
That is..!

Impossible
And yet...

That's what...

No.
Thank you.

Oh yes!
How about it?
Why don't you
partner up
with me?

We'd make a
real bundle!

You're
funny...
for a
human.

Hitting me twice
already... that's some
skill... we can put on
a "real" show!

Oh
come on,
with your abilities,
we'll be the perfect
pair!

REMEMBER
IT!

Damn it I swear!
This next time I
see you I'm going
to flip you apart!

Damn you
piece of
shit!

Hey! It's
Get back here,
I'm not done
yet!

Maybe YOU
should be the
one to
Remember It
?

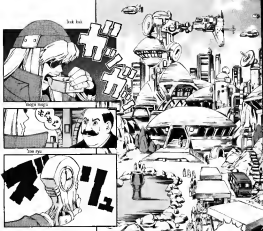

Since You've
Said That
Five Times Over
Already.

ACT-68 ANGEL & DEMON

Oh
really...

No, there
may be some
truth to
that...
People with
wings really
did exist...
I've heard
that...
Some with
black wings,
other with
white wings.

but they probably
became extinct
a long time ago...

The story
is about a pair
of lovers, and as
you can guess,
one's an angel,
the other a
'devil'...

There's even a
story along
with the
Jewel.

But one
day...

a pair of young
angel and demon
fell in love with
each other...

If they are to
marry, angels
choose the angels,
and the demons
choose the demons.
there was distrust
between the two
races...

It is said that
the Angels and
Demons lived
in peace with
each other, yet
they don't
'mix'.

They were the daughter of the Leader of the Angels and the son of the King of Demons...

...Damn thy daughter, the harlot seduced my son Garth !!

its Perfectly Normal for youngsters to fall in Love.

Calm down, don't get your wings all ruffled up with rage...

What did you say?

shouldn't you praise your son for having good taste?

Now... now

no one
dares to
oppose you,
isn't that
right?

You know and
control everything
on this world,

It's ridiculous to
believe that
just two kids
in love will
cause you to
lose your power

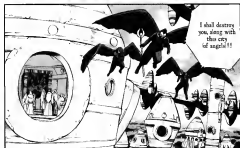

Listen well!
If you dare to
interfere with
me!

Oy

Yes,
except
for You.

I shall destroy
you, along with
this city
of angels!!

I'm not the archangel,
and he is
not the king
of demons

we're only
people with
wings, that
is all

Who knows
what the
King of Demons
will do to
her?

Archangel-sama,
what do we do
to help Princess
Lectia?

Princess Lectia is
going to get
KILLED!

But if we don't
do something...

the Oba Stones
is True
So don't worry.

Besides...
I know that
at least one
thing
written on

But...
**ARCHANGEL-
SAMAI**

...even if it's to
prevent the prophecy
from coming true,
He won't go so
far as to kill his
own son.

No, we
won't do
anything.

King, where
are you
going?

I am going
to annihilate
that accursed
prophecy!

those who
pledge eternal
love for each
other shall
be united...

Those
words have
another
function.

Don't
you
know?

You're going
to the ruins,
are?

no force exists
can ever separate
you

'Hidden by Chaos
in sleep slow'

Yes, I've heard of it,
the passage says:
'A promise of timeless
love is the hours
of midnight'

Found them!
Over heard!

!!

Quiet,
Gard!

Damn!
Get away from
us!

Ecyl
Let go!

Did the King
do that?

The exit
is blocked!

What
then?

Looks like
we can't
dodge them

We are
going to
the Ruins.

we will swear
by our lives
there, help us!

!

"Midnight
pledge of timeless
love..."

"...incess inseparable
...hidden by Oboro
droplet..."

Who knows
what that thing
can do, some
passages can't be
made out.

No! That's
too dangerous!

especially the last
one, no one knows
what will happen!

It doesn't
matter.

How
can that
be...

The King has
already
destroyed it.

Um... that
runs out
there anymore
—

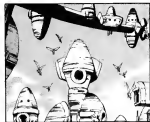

How can this
be here..?

it's preposterous to suggest that the stones somehow just 'woke up' and moved itself moments before its destruction — even though that's the favored explanation

anyway, it's all just old fancy, those sort of things can't happen

like how come the supposed destroyed Obelisk Stones would suddenly appear in the cave...

There may be a couple of logical fallacies with the story —

...

people have always wondered what that last sentence was

Although if there really was a ruin... it would be a great archaeological find...

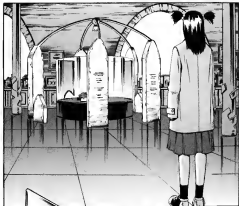

Now that would be proof that the legend had some basis in truth...

how can it just disappear from the cave like that, what I wouldn't give...

For some reason, no one knows where it is,

It's preposterous
to say that the
stones 'woke up'
at the last
moment and
moved themselves

why would the
supposedly
destroyed
Oba Stones
appear in the
caves...

...is it?

it's all just
old fancy

That last line
that the
people weren't
able to read
what
could it
contain...

What are
you doing
here...

The museum
is closed.

THE END OF THE WORLD IS AT HAND!

..Shall Be Guided by the "One Who Survives"..

..from the End of Time..

ACT-69 MOLE

It was only of negligible magnitude at first, but now it has 'grown' to the point of it being immeasurable.

Some two months ago,

we've detected an anomaly in the electromagnetic fields around the deserts here.

ドドドド

to this village.

From the data collected, we have pinpointed the location of the anomaly.

That's not the only concern,

Our computer right now is that the field has affected their minds; maybe began all wandering somewhere.

but the villagers there have all disappeared without a trace.

Maybe it's due to the unusually strong field.

Many unshocked
computers and
electronics are
malfunctioning.

because the field
is growing stronger
by the second,
even neighboring
cities are starting
to be affected.

...but I am no
scientist.

Our mission
here is to
investigate
the Cause of
the phenomenon.

Yes... if that
anomalous distortion
continues to grow,

it can potentially
engulf the whole
planet in panic.

People who are
Only interested in
Fame and Fortune,
right?

We know...
You are an
Expert.

Huh
ha?

hey

You can say
that about an
accident too,
John

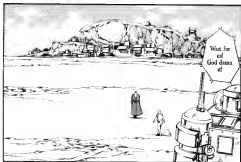

www

...does that
mean we will
have to Walk
?

It's the engine,
it stopped by
itself, maybe the
field is affecting
the circuits...

Be
careful.

What happened
to this village?
Where did
everyone GO?

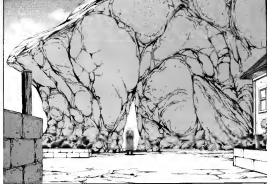

We are an
investigation
team sent
by the
Tandoran
government.

I'm fine,
sorry, yes, I live
here. Where
you people?

How
ARE
you?
Do
you live
in this
village?

The President
has been
assassinated!

At 6:27 pm
today...

The Tandenno President's
entourage was
attacked by a barrage
of mini-missiles...

it's something

It can supposedly

CHANGING
?

Yes,
Mother.

As you
should well
know,
Azusa

it's also
the keepsake

your father left
you when he
passed away...

which is
tomorrow.

That safe is set
to be opened on
your 20th birthday.

バン

I'm doing this
for your own
good.

I've
had
enough
—

Dad...

Why did you
have to marry...
a woman like
that..!

after that woman handles the family estate businesses, she uses up more than 50 Million every month...

how's that for showing her true colors

My stepmother married my father for his money.

since my Dad died three years

and you?

Even though he has wealth and power, he doesn't have an eye for people...

everyone in the household is looking to steal my father's money

Not just my step-mother either...

I trusts no one,

that's the smartest maxim to live by

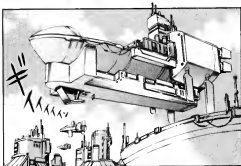

my father was down right naive

laughable

not that
I'm in a
position to
laugh.

...step aside.

you will get your
fair share

But my job is to
'take the treasure
back to the museum'

Sorry...

Quite the Explorer,
and how do you
intend to finish your
job Unarmed?

So... you insist
on completing
the contract?

To my 20 year old daughter, Anura Shirado...

I leave behind all the Assets of the Shirado family...

A bank card?

That... is the
account the
Madam opened
for you...

she had been
moving funds into
it for the past
three years...

more than
50 million a
month.

wouldn't have believed
the truth anyways...
you wouldn't have
believed her...

The people here
can't be trusted...
and you...

Why...
was she
doing that

3 million
dollars...

Because I've
already fixed
it.

Here is volume 17 of *East-Over*.
There's a follow-up story
in volume 15; the *DOCE*,
even I have no idea how
much time has passed in
the stories.
Coming up in volume 18,
an appearance by
Shiota, like the last page.
Look forward to
reading it!

The introduction for this volume was written by a former editor, Ron-ann. Thanks for the help! How have you been doing lately?
